Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The claims in this application were divided into 5 groups of invention in which applicant's representative had elected group III (claims 16-25 and 37-39) with traverse. When examiner tried to transfer the case to the capacitor related art unit area, a primary examiner pointed out that claims 16-25 and 37-39 are subject of further restriction. Examiner communicated this to the applicant representative. Consequently, applicant's representative has elected claims 16-25 (as group I of the previous group III) with traverse.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
